## STATEMENT OF SUPPORT

It is the purpose of Northumberland Christian School to provide a sound academic education integrated with the basic principles of the Christian faith and view of God and His world. This foundation is the basis of our educational goals and gives form to our instructional program. We understand that the concepts of a Christian educational philosophy include at least the following:

- God is Creator and Sustainer of all things, and the source of truth. God has revealed Himself in His world and universe in a specific way in the Bible, through Jesus Christ, and the working of the Holy Spirit. Jesus Christ, through his death and resurrection, is the only way to salvation.
- The home, the church, and the school should complement each other, promoting the student's spiritual, academic, social, and physical growth.
- God has given different abilities to each student. It is the teacher's responsibility to challenge each child according to his/her ability and to seek to teach him/her at the appropriate academic level.
- The Christian is not to be conformed to the world but must recognize his/her responsibility and his/her role in our democratic society. The teaching of discernment is an integral part of education at NCS.
- The student's home, church, school experience and training should be preparations for life, a life of fellowship with God and service to God's creation.
- God's word gives parents the primary responsibility for nurturing their children, so NCS is a school in which a high degree of parental participation is encouraged via Board and Committee involvement, working as in-school volunteers, and participating in school functions.

The foregoing principles are integrated into each area of the curriculum.

### **Consent:**

We have read the above and understand the statement purpose and philosophy of Northumberland Christian School, and fully support such a Christian educational program for our child(ren). In making application for our child(ren) to attend Northumberland Christian School, I agree to support the school in:

- Maintaining Christian standards
- Enforcing established rules and regulations
- Participating in school programs
- Supporting the discipline necessary to ensure a proper learning environment.
